Vol. 3 No. 4 WASHINGTON D.C. April 1962

WHY JOIN THE FA CLUB ? ? ?

Many times during the past months we have been asked the question - "Why should I join the Club?" Just what am I going to get for my $1.50?"

- Well first, the Club offers many activities and in some cases tries to be all things to all men.
- For those interested in a trip - try Europe - it is a $209 round-trip plane fare - plus an economical choice of country tours.
- For those who feel the urge of self-improvement the Club's Education Department offers Russian, Basic and Advanced Investment Planning, Shorthand (beginner-intermediate - advanced), Painting, and a few surprises to come.
- The sports-minded can join the golf set, bowling leagues, softball teams (boys and girls), tennis, basketball, and soon to come the formation of President Kennedy's touch-football league with FAA leading the way.
- The dancing-party set can whirl and twist at the Christmas Ball, the Spring dance (April 27), and a moonlight cruise on the nation's favorite river.
- Then there are the candy sales at Christmas and Easter.
- Special tickets for shows and ball games.

Join the Club.....

-And the low-cost CIVAIR accident insurance such as $10,000 for $9.00 per year.

-Last but not least the summer picnic where the children have rides, games, movies, candy, and all the ice cream they can eat - and dad has a ball game or two and all the beer he can drink to the tune of a German band.

-Added to all this - a special discount book for wholesale purposes.

WHO CAN JOIN?

Regular membership is open to all FAA employees in the Washington area.

Associate membership is open to wives or husbands of FAA employees, all regional FAA employees throughout the world, and friends of members. All associate members must be sponsored by a regular member.

FA CLUB TOUR

EUROPE & THE MIDDLE EAST

We have about reached our deadline for reservations for this all-inclusive tour, and - we still need people! This is a tour tailored for easy travel, super accommodations - all meals - and a wonderful vacation!

It's difficult to comprehend the magnitude of this trip - - Lisbon (Sintra and Estoril) - Madrid & Toledo - Athens and Corinthe - Cairo (the desert and the Nile - Jordan (Bethlehem, Mount of Olives, Vale of Cedron) - Israel (Nazareth, Sea of Galilee, Tel-Aviv) - Vienna (Vienna Woods) - - - - and Copenhagen (Tivoli Gardens). This is the ideal time of year to visit all these beautiful places!

Best of all - Go now - Pay later if you wish! The Credit Union will also finance you, too, ya know!

Call Lois Heinrichs, Ext 3912, right now, to be sure you get aboard!

SELLOUT! SECOND PLANE CHARTERED FOR FALL TRIP TO EUROPE

All but 19 of the 144 seats on the Club's chartered jet have been sold and the Club has chartered a second plane. The early sellout of the seats on the September 11th European flight surprised everyone, including Mildred Rice, Chairman of the Travel Committee who arranged the charter and the two Motorcoach Tours. Before the Travel Committee could even distribute the brochures for the Motorcoach Tours, more than 200 inquiries had been received from interested members and all but 19 seats had been sold. These 19 are all that remain of those blocked off for members who want to go on the 10-country Circle Tour of Europe. Anyone planning to take this tour had better send in the $209.00 now to be sure of getting a seat.

Four extra days

The chartered second plane is a Sabena DC-7. The round trip fare is $220 inclusive, same as the first chartered plane. The flight, however, will be from the Baltimore Friendship airport to Brussels, leaving here Sunday, Sept. 9th, and returning to Friendship from Brussels Saturday, October 13th. This allows those traveling on this plane 4 extra days in Europe.
Early registration is important. Approximately 20 passengers are already booked on the second plane; seats are being sold on a first-come first served basis. No seats will be blocked off for motorcoach tour members. A $220 payment per passenger is required. If you find it necessary to cancel after making the payment, you may do so up to August 9 and full refund will be made. After that date refund will be made if a qualified replacement is available.

With payment send full name, address and telephone number of each passenger going with you. Use the printed coupon if possible. Make checks payable to the FA Club Travel Committee, and mail them to:

CLUB ACTIVITIES

SHORTHAND

Refresher Shorthand will start April 24 if 15 or more persons sign up for the course. This is a review of theory and dictation practice for those who have had previous shorthand. The course is for six weeks, two sessions per week. Cost will be $6.00. Call Ext. 3088 to register.

PAINTING

We will try to arrange this popular recreational course starting April 23 if enough people are interested in it. The cost will be $20.00, which covers the cost of materials. The course meets for 10 weeks. If you want this one to "go", call Ext. 3088 and register.

Travel now - pay later

Come in to the Credit Union for the money you will need for your European tour this fall. Low cost loans can be arranged conveniently and confidentially. Civil Aeronautics Federal Credit Union, 16th & Constitution, Room 1017 T-5 Bldg., Washington 25, D.C.

The Good Old Days

Think you got it tough? Look how your great-grandpappy started back in 1872 (from the Code of Federal Regulations, July 17, 1872):

Office Rules

1. Office employees each day will fill lamps, clean chimneys, and trim wicks. Wash windows once a week.

2. Each clerk will bring in a bucket of water and scuttle of coal, for the day's business.

3. Make your pens carefully. You may whittle nibs to your individual taste.

4. Men employees will be given one evening off a week for courting purposes, or two evenings a week if they go regularly to church.

5. After thirteen hours labor in the office the employee should spend the remaining time reading the Bible and other good books.

6. Every employee should lay aside each pay day a goodly sum of his earnings for his benefit during his declining years so that he will not become a burden to society.

7. Any employee who smokes Spanish cigars, uses liquor in any form or frequents pool or public halls, or gets shaved in a barber shop, will give good reasons to suspect his worth, intentions, integrity, and honesty.

Smatterings of FA Club History

For the benefit of the late FA comers, we made a musty trip back through the files the other day, with the idea of bringing the history of the FA Club up to date. In 1950, the then Managing Editor of the Civil Aeronautics Club News, Fred A. Toombs, wrote the history of the Club to that date, and most of the following was culled from that version. The venerable ancestor of the FA Club entered the world on April 19, 1939, under the name of the Civil Aeronautics Authority Club. At the close of its first year of organization the CAA Club boasted 248 members. The nadir was reached only a little more than two years later, when the figure dropped to 71 in September 1941. This was at the time of one of the drastic reorganization plans that have affected the Agency under its various names; in this one, the old Civil Aeronautics Authority became the Civil Aeronautics Administration and the Civil Aeronautics Board. The CAA Club continued with the membership and support of both Agencies. Right after Pearl Harbor that year, the intrepid Board of Directors went right ahead and changed the name to the Civil Aeronautics Club. Membership shot back to 222 by the end of that year, and remained in the 200-300 bracket for a few years afterward.
